

K Range

IP66/67

The K range of enclosures offers an extremely good resistance to industrial and Marine environments. They are suitable for use as terminal junction boxes and housings for switches, push-buttons, indicators lights etc.

Technical data

Material:	Aluminium alloy
Finish:	Smooth Natural finish
Impact resistance:	7Nm
Temperature range:	-30°C to + 85°C +100°C for 1 hour -30°C to +40°C (ambient)
Approvals:	ATEX cULus E197061
