Function	No of Poles	Part No.	Price Each
OFF/ON 60° Switching	1	CA10 A200 620E	£7.70
	2	CA10 A201 620E	£8.98
	3	CA10 A202 620E	£11.00
	4	CA10 A203 620E	£12.28
	6	CA10 A342 620E	£15.58
	8	CA10 A344 620E	£18.88
Changeover with centre OFF 60° Switching	1	CA10 A210 620E	£8.98
	2	CA10 A211 620E	£12.28
	3	CA10 A212 620E	£15.58
	4	CA10 A213 620E	£18.88
Changeover without centre OFF 60° Switching	1	CA10 A220 600E	£8.98
	2	CA10 A221 600E	£12.28
	3	CA10 A222 600E	£15.58
	4	CA10 A223 600E	£18.88
3 Step Without OFF 60° Switching	1	CA10 A230 600E	£11.00
	2	CA10 A250 600E	£15.58
	3	CA10 A270 600E	£20.89
4 Step Without OFF 60° Switching	1	CA10 A231 600E	£12.28
	2	CA10 A251 600E	£18.88
	3	CA10 A271 600E	£25.47
Voltmeter Switch		CA10 A004 622E	£12.28
		CA10 A007 622E	£15.58
	c/w Header Plate	CA10 A007 623E	£15.58
Ammeter Switch		CA10 A048 621E	£15.58
	c/w Header Plate	CA10 A048 622E	£15.94
Motor Reversing	3	CA10 A401 620E	£20.71

The above switches are available in a single hole mount version. Replace the E at the end of the part no. with FT2.

The above switches (except voltmeter, ammeter and motor reversing switch) are also available in the CG4 size

CG4 Ratings: 440V

 AC3 @ 440V: 2.2kW

## Rotary Cam Switches

Flush mounting - front IP65

Ratings: 20A uninterrupted current ( $I_u$ )

### Moeller's T Range of Rotary Switches

Moeller's T0 range of rotary switches have a compact, space saving and robust design, and are manufactured in the UK. They are suitable for many different switching and control functions such as On-Off switches, main switches, main circuit/auxiliary circuit control switches and instrument selector switches.

The adaptability, versatility and safety features (such as finger proof terminals and clear operating state indication) of the T0 range make it ideal for use in a wide range of applications. Conforming to IEC947/EN60947, Moeller's T0 rotary switches are also UL and CSA approved.

All switches are mounted by 3 hole fixing. This together with terminals located for straight through wiring and screwdriver guides saves time on mounting and wiring.

### T0 Series

Function	No of Poles	Part No.	Price Each
ON/OFF 90° Switching	1	T0-1-8200/E	£8.31
	2	T0-1-102/E	£8.59
	3	T0-2-1/E	£9.06
	4	T0-2-8900/E	£10.69
	6	T0-3-8342/E	£15.68
Changeover with 0 OFF 60° Switching	8	T0-4-8344/E	£18.92
	1	T0-1-8210/E	£9.24
	2	T0-2-8211/E	£10.99
Changeover without 0 OFF 60° Switching	3	T0-3-8212/E	£12.55
	4	T0-4-8213/E	£18.91
	1	T0-1-8220/E	£9.64
Reversing with 0 position	2	T0-2-8221/E	£10.99
	3	T0-3-8222/E	£15.02
	4	T0-4-8223/E	£18.91
3 Step Without 0 position 60° Switching	3	T0-3-8401/E	£12.55
	1	T0-2-8230/E	£11.71
	2	T0-3-15137/E	£17.28
4 Step Without 0 position 60° Switching	3	T0-5-8270/E	£22.13
	1	T0-2-8231/E	£12.45
	2	T0-4-15138/E	£20.83
Voltmeter Switch	3	T0-6-8271/E	£25.37
	3 x phase to phase with 0 position	T0-2-15920/E	£12.45
Ammeter Switch	3 x phase to phase + 3 x phase to N with 0 position	T0-3-8007/E	£15.68
	With complete rotation in both directions, Measurement via current transformers, with 0 Position	T0-3-8048/E	£15.68
